
Sustaining Our Structures

Structural Concrete Alliance CPD Seminar

This seminar is free of charge and approved by the Construction CPD Certification Service

DELEGATE PROGRAMME & BOOKING FORM

Hilton Olympia London

Tuesday 3 October 2017

09:00		REGISTRATION AND REFRESHMENTS
09:25	Welcome Ken Dykes Structural Concrete Alliance Spokesman	
09:30	Corrosion of Steel in Concrete Chris Atkins Mott MacDonald	This presentation will provide a brief insight into the causes of corrosion and cost-effective methods of repair.
10:00	Route to Successful Concrete Repair John Drewett Concrete Repairs Ltd	The presentation deals with the essential steps that need to be followed or considered, before, during and after, carrying out concrete repair.
10:30	Early 20th Century Steel Framed Buildings John Broomfield Broomfield Consultants	This presentation will review the problem, discuss repair options and concentrate on the benefits of applying impressed current cathodic protection with case histories. It is based around the published joint NACE/CPA report on cathodic protection of early 20th century steel framed buildings.
11:00		REFRESHMENTS
11:30	Improving the Durability and Long-Term Performance (Corrosion Resistance) of Grouted Post-Tension Tendons Peter McCloskey Vector Corrosion Technologies	This presentation addresses grout issues that can lead to corrosion and explores the tendon impregnation process as a corrosion protection process for tendons with grout defects.
12:00	An introduction to the use of advanced composites in structural asset protection and repair Paul Russell Mapei	This presentation identifies what are advanced composites and why they are used in construction. It will also explore the use of composites in current case studies.
12:30	Introduction to Sprayed Concrete Bill Jones BAM Ritchies	This presentation will provide an insight into the methods, benefits, specification and application of Sprayed Concrete. Sprayed Concrete is a versatile and economic method of concrete placement. It is used in a wide variety of applications throughout the industry.
13:00		QUESTIONS FOLLOWED BY LUNCH
